## *Dear Friends,*

Welcome to the 2024 CAPA Marquee Awards presented by American Electric Power Foundation!

I can't believe that this is already our sixth year as a regional program of the National High School Musical Theatre Awards®/Jimmy Awards®! This amazing program celebrates outstanding student achievement in vocal, dance, and acting performance, and we are so excited that our two winners (who will be named live tonight!) will join top musical theatre students from across the country in New York City for a ten-day theatre intensive where

they will experience private coaching, master classes and rehearsals in preparation for a special showcase performance on Broadway on June 24.

Announcing nominations each year is always difficult for me because while this program is competitive in nature, I feel the true value lies in the sense of belonging it creates for our young people, in the educational and performance opportunities it provides, in the learning it offers, and in the attention it brings to high school theatre programs.

If you are like me and you grew up a theatre kid, tonight will inspire nostalgia and will help you remember why you fell in love with high school musical theatre. If you did not grow up with that experience but grew up participating in sports, I think you'll find tonight might remind you of regional or state championship games with schools cheering on their teams and creating a spirit of camaraderie among all participating schools. The strength of this program is in the larger theatre community it creates for our schools.

Featured in tonight's showcase are more than 200 students from all 22 of our participating schools. These performers and members of our student technical crew had 9 days of after-school rehearsals to create what you will see tonight, and their hard work and dedication deserve to be applauded. Working with these incredible young artists is always the highlight of my year.

I also had the distinct pleasure of attending all 22 Marquee Award musicals again this season, and I loved being an audience member in each community the program serves and witnessing firsthand the support our central Ohio communities give to our high school theatre programs. The importance of the performing arts in our schools cannot be understated. And, tonight, we are thrilled to celebrate the achievements of the high school musical theatre community in central Ohio.

Enjoy the show!

*Amy Handra*

**Director of Education & Engagement**

Columbus Association for the Performing Arts

## Dear Friends,

Thank you for joining us to celebrate our extraordinary student creatives! We look forward to the energy and enthusiasm that will be shared on the stage of the Ohio Theatre once again. Sit back and enjoy the incredible talent that we have right here in Central Ohio.

Every year I point out that the success of this evening, and theatre in general, is not limited to the wonderful people you see on the stage. Directors, choreographers, sound crew, stagehands...and many more. It literally takes a village to put on a performance. At times chaotic and stressful through the rehearsal and technical process, our folks always deliver a coordinated and well-produced performance to our audiences. As always, I'm grateful to the professionals and students behind the curtain that are using their many talents to make this evening possible.

Today's Marquee Awards Program is just a small portion of the work that CAPA's Education & Engagement Department does throughout the year. From our Passport to Learning Program that brings students into our theatres to the ARISE Program that connects members in our community, we are proud of the many ways that we can impact people of all ages in central Ohio. We appreciate the tremendous community support that allows us to continue this work year after year.

The performances you will see tonight are the culmination of a lot of hard work that started months ago, long before these students performed on the stage at their own schools. Tonight we celebrate not only the talent of our students, but the dedication and passion they have poured into being the best performers they can possibly be. We also celebrate the support and patience of the family and friends that have helped make each student's journey possible!

Sincerely,

*Chad Whittington*
